

Celebrate National Citrus Month with the OHCC Garden Club!

January is National Citrus Month, and we're delighted to host an enlightening talk on **“Growing Citrus in the Home Garden”** with esteemed UCCE Master Gardener **Min Shan**.

Min Shan is a dedicated UCCE Master Gardener with a profound passion for nature and horticulture. She has amassed a wealth of gardening knowledge through extensive practice and study. She lives with her husband on a half-acre property in Rancho Peñasquitos. Min has cultivated over 70 exotic fruit trees, maintained a year-round vegetable garden, and nurtured more than 50 rose varieties. Her hands-on experience and dedication to sustainable gardening make her an invaluable resource for home gardeners.

Min is eager to share her expertise in cultivating citrus—the "edible sunshine"—in your garden.
